Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
1		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
2		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer (b) and (c) below.</i>		
3a		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
3b		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
3c		
4a Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes" and if you checked 12a or 12b in Part I, answer (b) and (c) below.</i>		
4a		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
4b		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>		
4c		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? <i>If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).</i>		
5a		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
5b		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
5c		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If "Yes," provide detail in Part VI.</i>		
6

10b		

Part IV Supporting Organizations (continued)		Yes	No
11	Has the organization accepted a gift or contribution from any of the following persons?		
a	A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?		
b	A family member of a person described in (a) above?		
c	A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI.		

Section B. Type I Supporting Organizations		Yes	No
1	Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
	1		
2	Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.		
	2		

Section C. Type II Supporting Organizations		Yes	No
1	Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		
	1		

Section D. All Type III Supporting Organizations		Yes	No
1	Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
	1		
2	Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization (s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
	2		
3	By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		
	3		

Section E. Type III Functionally-Integrated Supporting Organizations		Yes	No

Part X : FIN48 Footnote	<p>In June 2006, the Financial Accounting Standards Board (FASB) issued Interpretation NO. 48 , Accounting for Uncertainty in Income Taxes-an interpretation of FASB Statement NO. 109, Accounting for Income Taxes (FIN 48), which creates a single model to address uncertainty in tax positions and clarifies the accounting for income taxes by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. Under the requirements of FIN 48, tax-exempt organizations could now be required to record an obligation as the result of a tax position they have historically taken or various tax exposure items. Prior to FIN 48, the determination of when to record a liability for tax exposure was based on whether a liability was considered probable and reasonably estimable in accordance with SFAS No.5, Accounting for Contingencies. On July 1 , 2007, the parent company, WellSpan Health, adopted FIN 48. WellSpan Health determined that it does not have any uncertain tax positions through June 30, 2019.</p>

Form and Line Reference	Explanation
Part I, Line 6a - Related Organization Community Benefit Report	Community Benefit Information is included in the Community Benefit Report for WellSpan Health.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2 - Methodology Used To Estimate Bad Debt Expense	The number was calculated using the cost to charge ratio factor applied against actual patient bad debt write-offs. These numbers are included after all efforts have been exhausted to determine if the patient meets our charity care write-off policy based on federal poverty levels.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 3 - Methodology of Estimated Amount & Rationale for Including in Community Benefit	The estimate of bad debt attributable to charity care policy was calculated by dividing the bad debt amount that was originally coded bad debt but later found to qualify as charity care by the amount coded to the charity care write-off codes. This ratio is applied to the bad debt cost factor expense.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4 - Bad Debt Expense	<p>York Hospital provides an allowance for doubtful accounts for estimated losses resulting from the unwillingness or inability of patients to make payments for services. The allowance is determined by analyzing specific accounts and historical data and trends. Patient accounts receivable are charged off against the allowance for doubtful accounts, when management determines that recovery is unlikely, and YH ceases collection efforts. Losses have been consistent with management's expectations in all material respects.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 8 - Explanation Of Shortfall As Community Benefit	York Hospital maintains records to identify and monitor the level of charity care and community service it provides. These records include the amount of charges forgone based on established rates for services and supplies furnished under its charity care and community service policies and the estimated cost of these services. Payments from Medicare are generally less than York Hospital's costs of providing the service.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 9b - Provisions On Collection Practices For Qualified Patients	<p>Guidelines for suggested minimum number of phone attempts and letters to be sent before the account is turned over to an outside collection agency are included in the Patient Administrative Services Policy. Upon final PARO (Payment Assistance Rank Ordering) scoring, if a patient qualifies for presumptive charity, their account would not be forwarded to any third party collections. It shall be the policy of Patient Administrative Services to recommend accounts to Bad Debt on a timely basis. Inpatient/Outpatient accounts will go to bad debt automatically after the account has been in the financial class Pending Bad Debt for 30 days. All accounts must follow the approved limits for refunds and write offs, as established in Policy PF-102, before being transferred. The primary agencies will work the accounts for 6 months or until they feel it is uncollectable and return the account. The accounts are forwarded to secondary agencies from the primary agencies Closed and Return Reports. The financial class is changed to Bad Debt Other after the Closed and Return Reports are received from the Secondary Agency. The agencies must get written approval from the manager in the relatively rare instance of legal action being taken to collect the debt.</p>

Form and Line Reference	Explanation
Part VI, Line 2 - Needs Assessment	<p>WellSpan Health and its entities have a long history of understanding and responding to the needs of the communities and populations it serves. This commitment was strengthened in 1998 when, in partnership with the Healthy York County Coalition, WellSpan conducted its first Community Health Needs Assessment (CHNA). Six subsequent CHNAs were conducted in 2000 , 2005, 2008, 2012, 2015 and 2018. These assessments- one method for collecting diverse information on a community and which involves surveying a representative sample of community members on their demographics, chronic health conditions, lifestyle behaviors, finances, access to health services, and related topics- have been administered before the Affordable Care Act (ACA) requirement. As previously noted, the WellSpan CHNA process, which includes survey development, data collection and analysis, and result dissemination, was led by both county-level health coalitions- Healthy Adams County and the Healthy York County Coalition- for Adams and York Counties. A similar process was utilized for the remaining counties of the WellSpan service area, including northern Lancaster and Lebanon counties. Healthy Adams County, Healthy York County Coalition, and its regional partner the Community Health Council of Lebanon County receive financial support from WellSpan Health and its entities, and other community stakeholders. The CHNA was developed utilizing consulting support and guidance through a contract with the Floyd Institute for Public Policy at Franklin and Marshall College. Dr. Berwood Yost, Institute Director and Project Lead has an extensive background conducting and analyzing community and corporate surveys and has been integral to the prior three CHNAs (2008, 2012 and 2015). The 2018 Adams and York CHNA is a byproduct of a collaboration of community organizations who partnered to provide guidance and support to the effort, including: County of York, Family First Health; Gettysburg College; UP MC Pinnacle Hanover; UPMC Pinnacle Memorial; York County Human Services; South Central Community Action Program (SCCAP); TrueNorth Wellness Services; United Way of York County; York City Health Bureau; York College of Pennsylvania, and; York County Community Foundation. This collaboration of community stakeholders determined the survey questions to be asked of the community; discussed data collection methodology, including sample size and method of obtaining data; reviewed the raw data and supporting charts/graphs; identified potential community health priorities, and; developed the process by which results and priorities were to be shared with the community. The 2018 CHNA planning process engaged a wide range of community organizations serving the diverse interests of all partners. The intent of the CHNA was to collect adequate valuable data and information that would satisfy the needs of all participating organizations, without burdening CHNA respondents with too many questions. Committee members reviewed questions asked in the 2015 CHNA and edited accordingly based on the current health care environment and areas of interest. Survey questions were derived from the Behavioral Risk Factor Surveillance System (BRFSS), a validated survey tool utilized by the Centers for Disease Control and Prevention (CDC), and organized into four categories: healthcare access, behavioral risk, health conditions and prevention behaviors and context. A representative sample of 799 adult residents in York County were interviewed between December 4, 2017 and February 25, 2018. Supplemental secondary data from the Robert Wood Johnson Foundation (RWJF) annual County Health Rankings and from the Pennsylvania Department of Health was compiled and integrated into the 2018 CHNA. Data collected and analyzed by the Floyd Institute for Public Policy included breakdowns by age, gender, geographic area, race/ethnicity, and income level, and enabled the development of charts/graphs that identified: trends and disparities; quantity of residents affected; health risks and disability-adjusted life years, and; social determinants of health impact. This information is included in the 2018 Community Health Needs Assessment Summary Report available at www.wellspan.org. CHNA results and related priorities identified by Healthy York County Coalition were shared with the system-wide Planning Committee at WellSpan Health, a Committee comprised of community members and leaders that represent each of WellSpan's primary entities and service areas, in addition to corporate leadership. Planning Committee member s reviewed the CHNA data, and designated system-wide priorities as: Care for all, including a focus on access to care and health equity; Behavioral health and lifelong wellness, which would incorporate behavioral health, substance use and addiction and lifelong wellness , and; healthy communities and social determinants of health, which provide a deeper dive into community engagement, social determinants of</p>

The identified priorities and associated data were subsequently presented to the WellSpan- York Hospital Board for their adoption. Board members discussed the data and identified priorities within the context of existing staffing and financial resources, current and future entity initiatives, and community partnership opportunities to address systemic community change. The final CHNA report, along with the WellSpan Community Health Improvement Plan (CHIP) was presented in June 2019 to the Planning Committee, at which time correlations were observed between the CHNA, CHIP and the WellSpan 2025 Strategic Plan.</p>

Part VI, Line 5 - Promotion of Community Health	<p>As a charitable, community-based healthcare organization, our commitment to improving the lives and well-being of the people and communities we serve is evident in our mission statement: working as one to improve health through exceptional care for all, lifelong wellness, and healthier communities."</p> <p>Employees live out this mission statement every day by engaging in community benefit activities that address community needs, especially the health priorities identified in the 2018 CHNA - access to care and health equity; behavioral health, substance use and addiction, and lifelong wellness, and community engagement, social determinants of health and violence prevention. Below are a few examples of the work accomplished to address each: *Access to healthcare and medications for uninsured community members or those with high out-of-pocket costs is often financially challenging. Healthy Community Network, a collaborative between WellSpan Health, physicians and community partners to support prospective enrollment, the management and support of patients, and coordination of care, serves as a support for those individuals, offering free or discounted resources based on need. In 2019, Healthy Community Network served 3,200 community members in need of care across the region and provided financial assistance for 12,000 prescriptions, allowing individuals who lack sufficient health insurance or financial means to access the medications they need.*WellSpan remains committed to the strong safety net of partnering health care services in our region. Together, we demonstrate strong community impact in health. For example, WellSpan's support of the Family First Health Hannah Penn Center enhanced its ability to provide 4,241 acute and preventive visits for underserved adults and children. *In 2019, WellSpan Health encouraged community members, local employers and employees, and WellSpan staff and patients to engage in the 7th annual 10 Pound Throwdown initiative. The 10 Pound Throwdown is a 10-week community challenge that encourages participants to lose or maintain a healthy weight through healthier eating and increased physical activity. The initiative was created in 2013 to address the growing issue of adult overweight/obesity and utilizes a core website (www.10poundthrowdown.com) to encourage team participation and to offer an online weight tracker, badges to encourage healthier choices, and diverse health education resources. In 2019, the 10 Pound Throwdown engaged 6,400 community members across four southcentral Pennsylvania counties -Adams, Lancaster, Lebanon, and York- participated in the 2019 iteration of the 10 Pound Throwdown program. *WellSpan Health -York Hospital primary care practices in York County participated in the Market Bucks program to address food insecurity and increase the consumption of fruits and vegetables. Regionally, this program provided fruit and vegetable vouchers to 239 WellSpan patients with food insecurity challenges, which contributed nearly \$28,000 to local farmers and growers. This program reaches those with an elevated Body Mass Index (BMI) who also experience a comorbidity associated with diet. Market Bucks consistently boasts an astounding 86% redemption rate, in addition to demonstrating increased fruit and vegetable consumption for participants with medical challenges. *WellSpan's commitment to lifelong wellness begins with the support it provides to our youngest residents. WellSpan- York Hospital remains the lead agency for Safe Kids York County, distributed nearly 10,000 books to children through our Reach Out and Read program, engaged more than 400 children and families in child abuse prevention programs, and distributed more than 200 cribs to families without a safe place for their baby to sleep. *Celebrating more than a decade of promoting summertime physical activity, Get Outdoors (GO) York!, a partnership between WellSpan-York Hospital and York County Libraries, more than 9,000 children participated in an adaptation of letterboxing, an international hobby where participants use written clues to find items hidden in various places. *Opioid use, as in other communities across the United States, has become a crisis in York County. WellSpan remains a steadfast partner in advancing work in this area. In 2019, Community Partnership Grant funds supported both the Project Lazarus opioid overdose prevention program, and a drug treatment program called Gaudenzia Inc. in a very desolate region within York County. Additionally, WellSpan admitted 476 patients into a Medication Assisted Treatment (MAT) program, which combines the use of medications and behavioral therapy to treat people with substance use disorders. WellSpan offered support and leadership to the York Opioid Collaborative, which continues to gain traction in the community and welcomed a new executive director in 2019. *WellSpan Health and its community partners have been working to address housing insecurity in central Penns</p>

Three of the collaborative solutions- the Omega Bed Lease Program, Arches to Wellness and ALPHA Community Initiative- earned the Hospital and Healthsystem Association of Pennsylvania (HAP) 2019 Living the Vision award. *Historically, WellSpan Health and its entities have taken planned steps to build community capacity that addresses complex health issues, as identified by the Community Health Needs Assessment (CHNA). Through financial and management support of a county health coalition, the Healthy York County Coalition (HYCC), more than 200 York County community members have been engaged in community health improvement initiatives. HYCC consists of three committees -Access and Empowerment; Community Engagement, and; Prevention and Wellness, each of which continue to attract new community members, leaders, and professionals. These committees foster partnerships and collaboration between entities to ensure that efforts to address and impact identified community health needs are coordinated and successful. In 2019, the Healthy York County Coalition prepared research on York County residents life expectancy variance by zip code. *WellSpan-York Hospital maintains its commitment to supporting local non-profits with Community Partnership Grant funds to like-minded nonprofit organizations to address key issues and health priorities. In 2019, WellSpan- York Hospital also awarded grants to the York County Food Bank, VisionCorps, the York County Public Library system, and the YWCA Dialogues on Race effort . Additional examples of how WellSpan-York Hospital fulfilled its community mission in York County may be found in the 2019 WellSpan Community Benefit Report available online at www.wellspan.org.</p>

Form and Line Reference	Explanation
Facility: - Part V, Section B, Line 5	Community stakeholder engagement has been vital to the Community Health Needs Assessment (CHNA) process since it began in York County in 1994. The Healthy York County Coalition (HYCC)- a local health coalition representing the diversity of the community- has led each of the seven CHNAs that have been conducted. For the 2018 CHNA, HYCC partnered with its sister health coalition in Adams County- Healthy Adams County- to form a CHNA Planning Committee comprised of representatives from health and human service agencies, government entities, community-based organizations, higher education institutions, and other interested community members to assist with survey development, data review and analysis, and results distribution. This core committee also assisted with sharing the data and association community health priorities, once identified by Coalition leadership, to community members at a public forum on June 7th, 2018. WellSpan- York Hospital is a funding partner and governance leader within Healthy York County Coalition and served on the CHNA Planning committee. In that regard, WellSpan- York Hospital partners to conduct the CHNA, disseminate its results both among hospital leadership and in the community, and integrates evidence-based strategies that impact identified community health needs into its annual planning process. Whether in meetings with community stakeholders or system/ hospital leaders or at larger public forum, WellSpan- York Hospital is committed to obtaining community input to ensure that the CHNA and its associated implementation strategies appropriately address the identified needs of the entire community. Additional details of how community members were engaged is included in Part V1- Needs Assessment.
Facility: - Part V, Section B, Line 6a	WellSpan Ephrata Community Hospital (Lancaster); WellSpan Good Samaritan Hospital (Lebanon); WellSpan Surgery and Rehabilitation Hospital, and WellSpan Gettysburg Hospital (Adams). Outside of WellSpan Health, UPMC Pinnacle Memorial and UPMC Pinnacle Hanover engaged in the CHNA process for York and Adams counties.

Facility: - Part V, Section B, Line 7d	<p>With each iteration of the CHNA process, WellSpan- York Hospital and its community partners continue to refine and enhance the system by which it obtains data, shared it with key community, hospital and system leaders, and integrated it into the system-wide and entity-level planning processes. In 2018, CHNA results and related priorities identified by Healthy York County Coalition were shared with the system-wide Planning Committee and WellSpan Health. This committee is comprised of community members and leader that represent each of WellSpans primary entities and service areas, in addition to corporate leadership. Planning Committee members reviewed the CHNA data and designated system-wide priorities as: Care for all, including a focus on access to care and health equity; Behavioral health and lifelong wellness, which would incorporate behavioral health, substance use and addiction and lifelong wellness, and; healthy communities and social determinants of health, which provide a deeper dive into community engagement, social determinants of health and violence prevention. Similarly, Healthy York County Coalition selected adult overweight and obesity, depression, and the social determinants of health as priorities- these priorities built on previously developed strategies that were a result of the 2015 CHNA and also encourage a deeper dive into the WellSpan system-wide, organizational priorities. The established Healthy York County Coalition and WellSpan specific priorities and associated data were presented to the WellSpan- York Hospital Board for their adoption. Additionally, the CHNA data was presented to multiple members of WellSpans leadership team. Healthy York County Coalition communicated the CHNA results and identified priorities to more than 100 community members at a public forum held on June 7, 2018. During that forum, community members discussed the opportunities and risk associated with each priority, as well as how the organization which they represent can have an impact on the priority. In addition to these venues, CHNA results are available on the Healthy York County Coalition (www.healthyyork.org) and WellSpan Health (www.wellspan.org) websites, and may also be obtained upon request. The corresponding WellSpan Community Health Improvement Plan is also available on the WellSpan Health website.</p>

Form and Line Reference	Explanation
Facility: - Part V, Section B, Line 13h	WellSpan Health is committed to caring for all the members of its communities, regardless of their ability to pay. In recent years, overall charity care has decreased slightly as more people have obtained health insurance coverage through the Affordable Care Act and the expansion of Pennsylvanias Medical Assistance (Medicaid) program. WellSpan is proud to be a leading partner in the Healthy Community Network, which works to address the needs of uninsured and underinsured individuals in our community. In addition, the health system recently enhanced its financial assistance policy and the discounts that it provides on services. For example, if a patients income is less than 300 percent of the federal poverty level, that patient would be eligible for a 100 percent discount on the services provided. Additionally, significant discounts are available for patients whose income is between 300 percent and 400 percent of the federal poverty level. For more information on WellSpans Financial Assistance program, visit www.WellSpan.org/FinancialAssistance .
Facility: - Part V, Section B, Line 16j	In an effort to make patients, families and others in our communities aware of the newly expanded Financial Assistance Policy, WellSpan broadly publicized its policy via promotional signage and the distribution of easy-to-read informational materials at registration sites throughout our communities. WellSpan provided information on the Financial Assistance Policy on its billing statements and included information in patient discharge materials. In addition, the materials and information are easily accessible via WellSpans website at www.WellSpan.org/FinancialAssistance . The site reflects WellSpans newly enhanced policy, as well as informational and application materials. It was also publicized via WellSpans on-hold phone messaging system and in its direct-to-consumer community newsletter/magazine, which is distributed by mail, email and Web. In addition, WellSpan placed posters and signage at its various sites of care to publicize its Financial Assistance Policy. Printed copies of WellSpan Healths entire financial assistance policy and the plain language summary of the policy, both of which are available in English and Spanish, may be obtained at no cost by visiting or calling one of the WellSpan patient financial services offices. The Financial Assistance Policy, Financial Assistance Application and Financial Assistance Policy Plain Language Summary are all available in Spanish.

If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc.

Form and Line Reference	Explanation
Facility: - Part V, Section B, Line 22d	WellSpan Health will provide assistance to all patients whose income falls within 400 percent of the federal poverty guidelines and within the asset limits listed on Attachment A. Those patients qualifying for financial assistance will receive a discount based on the amount generally billed (AGB), which is applicable to the facility at which services were provided. The AGB is calculated by the look-back method, in accordance with IRS Regulation 501(r). This is based on payment received from Medical Assistance and all private payors, in the most recent completed fiscal year.

Return Reference	Explanation
Grantmaker's Description of How Grants are Used	All WellSpan entities follow WellSpan policies and procedures regarding grant projects to ensure that the use of grant funds are consistent with WellSpan's commitment to endeavor to improve the health status of the communities that we serve. The WellSpan foundations are supporting organizations and substantially all of the grants and other assistance they make furthers the exempt purposes of their "supported organizations", each of which are exempt affiliated organizations within the WellSpan Health system. Because the supported organizations identify the projects and exempt activities that will be funded by the foundations' grants and other assistance, and because there is a cross-over between the respective governing bodies and management of the foundations and their supported organizations, the foundations are able to effectively monitor that the grants they make are used for their intended purposes.
